

**Q. What is Mikla Rejuvenating Cream?**

- A.** Mikla uses the natural power of Visi's proprietary blend of arctic cloudberry and hydrolyzed collagen (AC2 Technology™) and other natural ingredients to uniquely penetrate, feed, and rejuvenate skin, delivering visible results immediately and long-term improvements with continued use.

**Q. What is AC2 Technology?**

- A.** AC2 Technology is Visi's proprietary blend of enzyme hydrolyzed collagen protein and arctic cloudberry.

**Q. What is SymVital® AgeRepair?**

- A.** SymVital® AgeRepair is backed by two clinical studies and a billion-dollar European company. It approaches skin care at the cellular level. SymVital® AgeRepair is a 100% pure, natural ginger root extract, and it is proven to significantly improve the skin texture of stressed skin, smoothing wrinkles and enhancing complexion regularity in three weeks. It also helps to reduce the signs of sun-damaged skin in less than two weeks.

**Q. What are the benefits I can expect from using Mikla Rejuvenating Cream?**

- A.** Prism-like composition—Structure delivers immediate light refraction to give skin a luminous and radiant appearance; light refraction can also temporarily hide shadows in wrinkles for a more even, smoother appearance.

Non-comedogenic, pure formulation with efficacious levels of all active ingredients—best-in-class formulation means you get a quality, trusted product with guaranteed potency, unlike some cheaper, competitive brands offering diluted or trace amounts of active ingredients.

Youthful hydration and smoothness—quickly, and naturally, nourishes skin to moisturize, smooth, and soften.

Increased skin elasticity—ultra-absorptive hydrolyzed collagen helps tone, firm and increase your skin's elasticity by increasing its own collagen synthesis.

Minimized fine lines—helps decrease fine lines around eyes, mouth, forehead and neck.

Universal for all complexions—this pure product is versatile for use on all skin types.

Evened skin tone—fades spots, reduces redness, and improves complexion regularity of stressed skin.

Decreased signs of aging—reduces wrinkles and fine lines and repairs damage in two weeks.

Protection from sun damage—activates the skin's natural self-defense against sun damage and fades sunspots before they become visible.

Improved complexion—restores youthful radiance and healthy-looking skin.

**Q. How do I use Mikla Rejuvenating Cream?**

- A.** Apply two pumps of Mikla Rejuvenating Cream twice daily to dry skin after it has been cleansed. Smooth into face and neck areas.

**Q. Do I use Mikla Rejuvenating Cream as a day and night cream?**

- A.** Yes, Mikla Rejuvenating Cream is intended to be used for both day and night.

**Q. Does Mikla Rejuvenating Cream contain SPF?**

- A.** No, Mikla Rejuvenating Cream does not contain any SPF.

**Q. Is Mikla Rejuvenating Cream tested on animals?**

- A.** No, Mikla Rejuvenating Cream is not tested on any animals.

**Q. At what age can you start using Mikla Rejuvenating Cream?**

- A.** Mikla Rejuvenating Cream can be used at any age.
