

PURIFY

SOOTHE

SKIN
HEALTH

Míkla Facial Cleanser utilizes a mild, non-foaming, gel formulation with natural cleansing ingredients to brighten, refresh and soften skin.

Many facial cleansers use harsh synthetic ingredients and abrasive exfoliators that damage skin. Míkla Facial Cleanser provides mild exfoliation with natural jojoba beads and effectively removes pore-clogging impurities while restoring your skin's natural glow.

After exfoliation, the skin is nourished by the arctic cloudberry that has long been celebrated in Scandinavia for its beautifying effects on the skin. Vitamins A, B, C, E, and omega acids leave skin soft, supple, and perfectly prepped to maximize the results of its companion, Míkla Rejuvenating Cream.

**ARCTIC
CLODBERRY**

High in antioxidants, Vitamins A, C, and E, and essential omega fatty acids.

**JOJOBA
BEADS**

Gently lift excess oil and impurities while clearing away dead skin cells.

**COCO-
GLUCOSIDE**

A cleansing surfactant compatible with all skin types that keeps skin looking radiant.
