

ANTI-AGING

REDUCE WRINKLES

IMPROVE ELASTICITY

This is what greatness feels like—real radiance with the softness and elasticity of youthful skin. Míkla Rejuvenating Cream combines antioxidant-rich arctic cloudberry and bioidentical hydrolyzed collagen with the proprietary ingredient SymVital® AgeRepair.

SymVital® AgeRepair approaches skin care at the cellular level. It significantly improves the texture of stressed skin, smoothing wrinkles and enhancing complexion regularity in three weeks. It also helps reduce the signs of sun damage in less than two weeks. Two clinical studies and a billion-dollar company back the results of this 100% pure product.

**ARCTIC
CLODBERRY**

Arctic cloudberry and lingonberry seed oil are ideal antioxidants.

ac²
technology

**HYDROLYZED
COLLAGEN**

Improves skin elasticity, firmness, and tone by stimulating your own collagen synthesis.

**SYMVITAL®
AGEREPAIR**

Enhances skin tone, reduces wrinkles and fine lines, and repairs damaged skin.
