

Rensa™ teams a gentle cleansing blend with natural digestive enzymes to eliminate toxins and maintain healthy digestion for a whole-body cleanse.

Chemicals and contaminants can cause damaging effects to your body's systems. By cleansing at a cellular level, Rensa effectively flushes harmful toxins from the body restoring its natural purity.

With daily use, this whole-body cleanse improves digestion and regularity, and balances the body's systems, providing a sense of well-being for a new level of overall wellness and persisting purity.

ENZYME BLEND

A variety of enzymes aid in breaking down difficult-to-digest food.

SACCHAROMYCES BOULARDII

This probiotic yeast promotes healthy bowels by inhibiting intestinal bacterial growth.

PSYLLIUM HUSK

Aids regularity and heightens intakes of dietary fiber to improve digestion.

VEGETABLE JUICE BLEND

Helps the detoxification processes of the liver.

MARSHMALLOW ROOT

Naturally cleanses the kidney and supports a healthy urinary tract.
