

This delicious, convenient chew is packed with four grams of hydrolyzed collagen protein, the most bio-identical protein source on the market. From skin to joints to muscles, improve the hardest-working parts of your body with Probita™.

Hydrolyzed collagen protein occurs naturally in your body, resulting in a 95% absorption rate, which ensures effective utilization of your body's building blocks. Probita is the first hydrolyzed collagen protein product brought to the market in a chewable form. Small enough to fit in your pocket, this powerful protein snack goes everywhere you do.

HYDROLYZED COLLAGEN PROTEIN

Promotes lean muscle mass and superior joint flexibility.

ARCTIC CLOUDBERRY
